

2019 COST-OF-LIVING ADJUSTMENTS FOR QUALIFIED RETIREMENT PLANS

The table below summarizes key 2019 cost-of-living adjustments (COLA) for pension plans and selected other items announced by the Internal Revenue Service. In general, annual compensation amounts and limits for elective deferrals were increased, while catch-up contribution limits remain unchanged. The Social Security Administration separately announced the taxable wage base for 2019, which is also included below.

BDO ERISA PRACTICE: At BDO, we go beyond the traditional employee benefit plan audit and tax services to incorporate our actuaries, third party administrators, and compensation and benefits professionals into a comprehensive team. We're proud to offer dedicated consulting services across the entire ERISA spectrum. Along with initial plan design, and a wide range of actuarial services, we also perform comprehensive plan compliance reviews, preparation of corrections under IRS and DOL programs, assistance with IRS and DOL audits, and review of procedures and controls for in-house and outsourced services. Our professionals are well-versed in current and legislative requirements, allowing us to help companies, plan management, and fiduciaries achieve – and retain – compliance in all aspects of their plan. Backed by the resources of an extensive network, BDO's ERISA Center of Excellence provides meaningful insights and technical expertise to those charged with governance. We have dedicated ERISA professionals available to provide services throughout the firm ensuring that every client we work with receives high-quality service, designed to help them achieve their unique goals. We look forward to helping you and your employee benefit plans achieve more.
