

## AGLOW EMERGENCY PREPAREDNESS

### Mission Statement

- \* To **awaken** the Aglow Family to the plans of God
- \* To **increase** Aglow involvement within each Community
- \* To **expose** potential risks and Educate
- \* To **take** Pre-Emptive Action

We as Aglow want to be prepared for the future.

Our goal is to help our members respond to disasters or emergencies that might occur in this region. In this process, we have been impressed with the need and the urgency of the hour to be prepared, informed, prayerfully equipped, and connected. With these goals in place, Aglow will have the ability to have their own needs met, as well as be an available resource for others.

Disaster can strike quickly and without warning. It can force you to evacuate your neighborhood or confine you to your home. What would you do if basic services, such as water, gas, electricity, or telephones were cut off? Local officials and relief workers will be on the scene after a disaster, but they cannot reach everyone right away.

### Basic Requirements

Do you want some training to go behind the yellow tape in the event of a disaster in your area? You need to start networking with the emergency response people in your area.

Is it:

- The Red Cross?
- Your county Emergency Management office?
- Your local fire department?

Research your particular area and find out.
