

Information Requirements Clearinghouse, Inc.

- We have tested this version with Windows XP Service Pack 2 and suggest the following:
 - To avoid printing problems in the Reports Manager or Legal Research Index functions, follow these steps:

- Select **Start / Settings / Control Panel / Windows Firewall**.

- When the **Windows Firewall** window opens, click on the **Exceptions** tab at the top of the window.
- Under **Programs/Services**, click on the **File and Printer Sharing** line to put a checkmark by it.

- Click on **OK** to close the window.
- If you experience printing problems after following the above steps, delete and reinstall all printer drivers listed in the **Printers** window on the **Start / Settings** menu.
